

Stockholm 7.3.2007

I first time met  
Dr Farid Husain in Helsinki  
Finland in February 2004.

He was coming from Stockholm  
and wanted to consult me  
on Ache. We met on Friday  
afternoon in my residence  
and reviewed the situation.

Dr Husain made a good impression.  
He was genuinely interested in  
finding a peaceful solution to  
Ache. Our meeting influenced  
me to get involved in Ache process  
in 2005 in which Dr Husain played  
an important role.
